Dear Sir

Re:Builder PRP Maintenance (UK) Ltd

The above firm was given the job of building downstairs disabled facilities at my home. They were friendly polite and well mannered at all times and actually asked me questions about what would be best for me. They respected me and made allowances for my problem with movement.

I was totally surprised as you expect a mess when builders are working but they cleared away all working impliments and swept and hosed down the area every night this was exceptional

The build went well and I was fully informed when and who would be coming each day. I am so pleased with the service I have received from the above company and would highly recommend them to anyone who is having disabled facilities installed they are a very friendly group of people and a pleasure to have around

I am so pleased with the work they have done the extension I am speachless it is just what I wanted and more so thank you very much in your choice of builders they did you proud and I would like them to get more work because they deserve it.

Carol A Sutton
